

30th September 2017

To Whom It May Concern

Daniel Guild was employed on "Lola D", a 32 meter motor yacht, as Deckhand/2nd Engineer from 1st May 2017 until 30th September 2017.

During his time with us Daniel was responsible for the exterior of the vessel, tender-driving, as well as helping our engineer.

Though Daniel is relatively new to the industry, I was very pleased with the standard of his work, and with the correct guidance, he is capable of doing the job to anyone's satisfaction.

I found Daniel to be serious about his work and he took pride in what he does.

Daniel was engaged in various deck tasks as well as keeping the yacht clean & shining, also with various tasks helping the engineer. All the above he accomplished in an efficient and timely manner.

I would recommend Daniel as a deckhand/2nd Engineer, I was very happy with his work and personality, and he got on well with the rest of the crew. We wish him a good future in this industry.

He is leaving us due to an opportunity in the Caribbean.

Should you wish any further information please contact me on +34 618 985 379, or my personal email: Martin@See-Solution.net

Yours sincerely,

Martin Wasilewski (Captain)
