

M/Y WHITE STAR

1 Dec 2021

To whom it may concern,

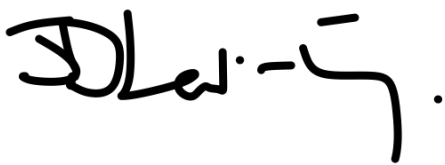

I am writing in regards to the employment of Danny Guild as Second Engineer on the 49.9m M/Y White Star built by Trinity Yachts, Cayman Islands registered number 737357. I employed Danny as Second Engineer from March 2019 until I left the vessel in December 2021.

We had live aboard owners throughout each summer, cruising the South of France, Italy and the Greek Islands. The yacht was very busy engineering wise and Danny was a great asset. He is a capable, hardworking 2nd Engineer, and is happy to help out elsewhere onboard when required. His skills and experience have continually grown over his time aboard and he has the potential to become an excellent engineer given time gaining both more experience and qualifications.

Danny is a great crew member to have onboard, and gets on well with crew mates and guests alike. I would not hesitate to hire Danny again if the opportunity arose.

If you have any questions regarding Danny please feel free to contact me.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Jonathan Lai-Fang' in a stylized, cursive script.

Jonathan Lai-Fang

Chief Engineer M/Y White Star
